Our seating products:

Permanent Custom Grandstands | Pg. 4 –7

Press Boxes | Pg. 7

Standard Angle Frame Bleachers | Pg. 8 –13

Team Benches | Pg. 14

Aluminum Picnic Tables | Pg. 15

Existing Structure Renovations

Get in the Game with GT Grandstands

GT Grandstands is a leading designer/manufacturer of grandstands and bleachers for all applications of spectator seating. We offer a wide range of products and services – permanent grandstands, pressboxes, renovations, angle frame bleachers, team benches, and aluminum picnic tables – to meet all your seating needs. If a standard design does not meet your site and capacity needs, we can custom build a structure to meet your exact requirements. All our products offer outstanding quality at a very competitive price.

We offer services nationwide and can work directly with architects, dealers, school facility managers, or park and recreation professionals to design and build the perfect spectator space.

PERMANENT GRANDSTANDS

Built to your requirements and site considerations:

- Desired seating capacity
- Spectator flow
- Space available
- Sightlines
- Applicable building codes
- Revenue Generation

Bleacher construction types:

Angle Frame Structures

- » Best for level sites
- » Attached to either a concrete slab or foundation or installed with earth anchors
- » Available with galvanized steel or aluminum angle frame

Clear Span, I-Beam Structures

- » Most flexible design option
- » Easily adapted to hillsides and uneven terrain
- » Wide flange steel shape fabrication
- » Hot-dipped galvanized after fabrication for better corrosion protection
- » Anchored to concrete foundation during installation

GT Grandstands representatives will work directly with you to guide your seating project from start to finish. Site measurement, product planning, design consultation, and installation are all a part of the custom grandstand services that we provide.
